## FEDERAL GOVERNMENT EMPLOYMENT

JANUARY, 1962

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April, 1961.

INTRODUCTION

This report includes some estimated figures for the Department of National Defence for which January 1962 data are only partially available. For detail, see tables in Part B.

The Government of Canada, including its corporations and agencies, employed 337,703 persons at the end of January 1962. Staff strength was almost unchanged being up only 247 from the total reported for December 1961, and only 0.3 p.c. or 970 from January 1961. The staff of the departmental branches and services increased by 2,647 from December 1961, but was largely offset by a drop of 2,031 employees of proprietary corporations.

Total Government payrolls amounted to \$125,302,000 for January 1962, up 0.8 p.c. or \$1,011,000 from December 1961 and 3.9 p.c. or \$4,701,000 from January 1961.

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES

The Agency and Proprietary Corporations and Other Agencies had a total staff strength of 132,351 at the end of January 1962. This total indicates decreases of 1.8 p.c. or 2,419 from the preceding month and 1.6 p.c. or 2,104 from January 1961. The decline from December 1961 was due mostly to the Canadian National Railways staff reduction of nearly 2,000 employees. The National Harbours Board and Trans-Canada Air Lines also reported staff reductions.

Total payrolls for the month under review amounted to \$53,587,000, up by 0.3 p.c. or \$159,000 from December 1961 and up by 4.5 p.c. or \$2,322,000 from January 1961. The Canadian National Railways reported a payroll increase to employees in the United States amounting to \$150,000 over December.

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS

In order to avoid further delay in the release of this report, estimated figures have been included for salaried staff of Defence Research and Development, and, prevailing rate, ships' officers and crews, and casual staff in the entire Department of National Defence.

Employees in Departmental Branches, Services and Corporations numbered 205,352 at the end of January 1962. This represents increases of 1.3 p.c. or 2,666 from the preceding month and of 1.5 p.c. or 3,074 from January 1961. Total employee earnings for January 1962 amounted to \$71,715,000, up 1.2 p.c. or \$851,000 from December 1961 and 3.4 p.c. or \$2,379,000 from January 1961.

The types of employees accounting for most of the staff increase from December 1961 were, salaried, up by 1,137 and, casuals, up by 1,480. The bulk of staff increase took place in Ontario, where numbers increased 1,334 from December 1961.

Analysis of the January 1962 data with the preceding month by function indicates: a substantial increase (mostly of casual employees) in the function "Defence Services"; a similar gain (for salaried staff) in the function "General Government-Legislative" due to the convening of Parliament during the month; an increase in the function "Recreational and Cultural Services - Parks, Beaches and other Recreational Areas", (mostly prevailing rate and casual employees); a decrease in the group of functions "Natural Resources and Primary Industries", seasonal in nature; and an increase in the function "Other-Post Office", (mostly casual employees).

**Notes and Definitions:**

**Department** — For purposes of this table only, the term "department" is broadened to include departmental branches or services having a separately administered personnel office.

**Hiring** — The initial appointment of an individual to the reporting department.

**Separation** — Termination of service of an individual in the reporting department.

\* Rates are omitted for departments with less than 100 employees as small changes in the number hired or separated result in abnormal changes in rates. Aggregates for these departments are given in "Total—Departments with less than 100 employees", as well as in "Total—All Departments".

Figures may not add due to rounding.

## FEDERAL GOVERNMENT EMPLOYMENT

FEBRUARY, 1962

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April, 1961.

## INTRODUCTION

This report includes some estimated figures for the Department of National Defence for which February 1962 data are only partially available. For additional detail, see tables in Part B.

The Government of Canada, including its corporations and agencies, had 337,949 persons on payroll at the end of February 1962. This represents a slight increase of 246 from January 1962, and an increase of 1,959 or 0.6 p.c. from February 1961. The proprietary corporations staff declined by some 111 from January 1962 and departmental corporations decreased by 157, but these were offset by an increase of 539 in departmental branches and services.

Total Government payrolls amounted to \$123,769,000 for February 1962, down by 1.2 p.c. or \$1,533,000 from January 1962 and up by 4.3 p.c. or \$5,080,000 from February 1961. The reduced payroll in February, in contrast with January 1962, was the result of fewer man-hours worked by hourly-rated employees. This reduction in man-hours was due, in turn, to fewer working days in February, the shortest month in the year.

February, 1962

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES

The Agency and Proprietary Corporations and Other Agencies had a total of 132,215 employees at the end of February 1962. This indicates a slight decrease of 136 from January 1962 and a decrease of 605 from February 1961.

Total payroll for February 1962 amounted to \$51,665,000, down 3.6 p.c. or \$1,922,000 from January 1962 but up by 5.5. p.c. or \$2,709,000 from February 1961. The decrease from January 1962 is accounted for mainly by the Canadian National Railways with a decline of almost \$2,000,000.

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS

In order to avoid further delay in the release of this report, estimated figures have been included for salaried staff of Defence Research and Development, and, prevailing rate, ships' officers and crews, and casual staff of the entire Department of National Defence.

Employees in Departmental Branches, Services and Corporations totalled 205,734 at the end of February 1962. This indicates increases of 0.2 p.c. or 382 from January 1962 and of 1.3 p.c. or 2,564 from February 1961. Total earnings of these employees amounted to \$72,103,000 for February 1962, up by 0.5 p.c. or \$388,000 from January 1962, and up by 3.4 p.c. or \$2,370,000 from February 1961.

Comparison of the February 1962 data with those for the preceding month, by function, indicates a substantial increase of casual employees in the function "Defence Services" with all Services of National Defence sharing in the increase; decreases in prevailing rate and casual employees in the function "Recreational and Cultural Services - Parks, Beaches and other Recreational Areas"; and an increase in casual employees in the function "National Resources and Primary Industries - Other"; other variations were of less significance.

In the provincial distribution of these employees, the most significant variations occurred in Ontario, up by 493; in Nova Scotia, down by 150; in British Columbia, down by 119 and in the Yukon and Northwest Territories, up by 107.

## FEDERAL GOVERNMENT EMPLOYMENT

MARCH, 1962

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April, 1961.

INTRODUCTION

This report includes some estimated figures for the Department of National Defence for which March 1962 data are only partially available. For additional detail, see tables in Part B.

The Government of Canada, including its corporations and agencies, had 337,083 persons on payroll at the end of March 1962. This represents a decrease of 0.3 p.c. or 866 from February 1962 and a decrease of 0.1 p.c. or 333 from March 1961. The proprietary corporations staff increased by some 475 from February 1962, whereas departmental branches and services decreased by 808.

Total Government payrolls amounted to \$127,300,000 for March 1962, up by 2.9 p.c. or \$3,531,000 from February 1962 and up by 4.2 p.c. or \$5,095,000 from March 1961. The increased payroll in March 1962, compared with the previous month, is due to the inclusion of retroactive payments covering a substantial group of employees, and to increased man-hours worked by hourly-rated employees due to more working days in the month.

The total earnings of Federal Government employees for the fiscal year ended March 1962 was up by 5.6 p.c. or \$80,101,000 from the fiscal year ended March 1961.

March, 1962

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES

The Agency and Proprietary Corporations and other Agencies had a total of 132,622 employees at the end of March 1962. This indicates an increase of 0.3 p.c. or 407 from February 1962 and a decrease of 1.5 p.c. or 1,987 from March 1961. The increase from February 1962 was mostly due to the Canadian National Railways.

Total payroll for March 1962 amounted to \$53,830,000 up 4.2 p.c. or \$2,165,000 from February 1962 and up 3.3 p.c. or \$1,716,000 from March 1961. The increase is accounted for mainly by the Canadian National Railways with an increase of \$1,800,000.

Total payroll for the fiscal year ended March 1962 amounted to \$666,563,000, up by 4.8 p.c. or \$30,281,000 from \$636,282,000 for the fiscal year ending March 1961.

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS

In order to avoid further delay in the release of this report, estimated figures have been included for salaried staff of Defence Research and Development, and, prevailing rate, ships' officers and crews, and casual staff of the entire Department of National Defence.

Salary revisions were announced for a group of salaried employees effective July 1, 1961. It is estimated that some 5,600 employees had increases close to \$2,000,000 for the period July 1961 to February 1962. This amount is included in Table 3B under "Retroactive payments reported". Regular earnings for March 1962 include the revised salaries for that month.

Employees in Departmental Branches, Services and Corporations totalled 204,461 at the end of March 1962. This represents a decrease of 0.6 p.c. or 1,273 from February 1962 but an increase of 0.8 p.c. or 1,654 from March 1961. Total earnings of these employees amounted to \$73,470,000 for March 1962, up by 1.9 p.c. or \$1,367,000 from February 1962 and up by 4.8 p.c. or \$3,379,000 from March 1961.

Analysis of the March 1962 data with those of February 1962 by function, indicates a decrease of close to 1,000 casual employees in the function "Defence Services", particularly Royal Canadian Air Force and Canadian Army of National Defence; a decrease of close to 500 casual employees in the function "Social Welfare - National Employment Services"; a decrease of casual employees in the function "Transportation and Communications - Waterways"; and an increase of salaried employees in the function "General Government - Executive and Administrative", mainly Taxation Division of National Revenue; other variations were of less significance.

Total employee earnings for the fiscal year ended March 1962 amounted to \$853,880,000, up 6.2 p.c. or \$49,820,000 from \$804,060,000 for the fiscal year ended March 1961. Earnings of salaried employees increased by \$47,848,000 to \$712,990,000.

## NOTE

A complete description of the method of collection and the statistics included in this series is given, together with other background detail, in Part C of this report.

INTRODUCTION

The quarterly statement of hirings and separations data for salaried employees for the first quarter of 1962 is included in this report.

Some estimated figures are used for the Department of National Defence, for which April 1962 data are only partially available. For detail, see tables under Part B.

Preliminary figures, (336,991 in April 1962) indicate that the total staff of the Government of Canada, including its agencies and corporations was almost unchanged from the March count and was higher by just 0.8 per cent or 2874 persons than in April 1961.

Employee earnings for the months under review amounted to \$125,612,000; \$127,300,000; and \$118,731,000, following the employee trend.

Staff strength was higher in April in three of the five groups of federal organizations. The most significant changes were in Agency Corporations, which increased by 442 from 8,975 in March 1962, due, mostly, to seasonal fluctuations; and in Departmental Branches and Services which decreased by 600 from 189,552, in the previous month.

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES

The number of employees in Agency and Proprietary Corporations and Other Agencies at 133,179 in April 1962 was 557 higher than in March, and 512 lower when compared with April 1961.

Earnings of these employees in April 1962 amounted to \$53,615,000; \$53,830,000 in March 1962, and \$50,103,000 in April of the previous year.

The largest employer, Canadian National Railways, recorded a decrease while the National Capital Commission, the National Harbours Board and Trans-Canada Airways employed additional staff, some of which were required as a result of the opening of harbours for the season of navigation.

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS

In order to avoid further delay in the release of this report, estimated figures have been included for salaried staff of Defence Research and Development, and, prevailing rate, ships' officers and crews, and casual staff of the entire Department of National Defence.

Employees in Departmental Branches, Services and Corporations totalled 203,812 at the end of April 1962, which represents a decrease of 649 from the previous month, and an increase of 3,386 over April 1961. Total earnings of these employees amounted to \$71,996,000 for April 1962, a decrease of \$1,474,000 from March 1962 and an increase of \$3,367,000 over April of the preceding year.

Analysis of the April 1962 data with those of March 1962, by function, indicates: (1) an increase of approximately 250 casual employees in the function "Defence Services"; (2) a decrease of about 160 casual employees in "Social Welfare - National Employment Services"; (3) a seasonal increase in casual employment of "Recreational and Cultural Services - Parks, Beaches, etc."; (4) an increase in casual and prevailing rate employees of "Natural Resources and Primary Industries - Lands: Settlement and Agriculture"; (5) an increase in prevailing rate and a decrease in casual employment of "Other - Natural Resources and Primary Industries".

Due to the dissolution of Parliament April 9th, 1962, salaried employees in the function "General Government - Legislative", decreased from the previous month.

Effective April 1, 1962, all personnel of the Royal Commission on Railway Problems were transferred to the Royal Commission on Health Services.

**Notes and Definitions:**

**Department** — For purposes of this table only, the term "department" is broadened to include departmental branches or services having a separately administered personnel office.

**Hiring** — The initial appointment of an individual to the reporting department.

**Separation** — Termination of service of an individual in the reporting department.

\* Rates are omitted for departments with less than 100 employees as small changes in the number hired or separated result in abnormal changes in rates. Aggregates for these departments are given in "Total—Departments with less than 100 employees", as well as in "Total—All Departments".

-- Less than one.

**Note:** Figures may not add due to rounding.

PART C - EXPLANATORY NOTES

The present statistics are the result of a monthly survey of Government of Canada employment published since April 1952. This monthly report has had three different titles. In the period April 1952 to August 1953 it was known as "Government of Canada Employment and Payrolls". In the period September 1953 to March 1954 the report was known as "Federal Government Employment and Payrolls" and since April 1954 the name of the publication has been "Federal Government Employment". The monthly statistical series replaces one formerly issued annually under several different titles, the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title of the report was changed to "Summary Statistics of the Civil Service of Canada". Reports under this title were issued in a combined form for the fiscal years ended 1940 to 1942 and for each of the fiscal years ended 1943 to 1948. The title was again changed to "Summary Statistics, Federal Civil Service Employment and Payrolls" for the year ended March 31, 1949. For the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrolls".

The present monthly report is composed of three parts. Introduction summarizes, in Table 1, data on all persons employed by the Federal Government and its agencies. Part A presents, in Table 2, employment data of agency and proprietary corporations and other agencies by province. A list of these bodies appears on page 32 of this section. Part B consists of Tables 3 to 11 which present statistics relating to the departmental branches, services and corporations listed in the Financial Administration Act plus a few which are not listed therein. Data on these is presented in Tables 3 to 11 as detailed in the table of contents on page 3. The table on numbers and rates of hirings and separations for salaried employees is included quarterly.

Statistics are presented in a form which is intended to facilitate, among other uses, direct comparisons between 1) numbers employed (reported in this publication), and 2) the number of positions established for each administrative branch of government (published in the Estimates of Canada).

The statistics relate only to civilian employees and to members of the Royal Canadian Mounted Police Force (which being a semi-military organization are not considered as being civilian). Members of the Armed Services are excluded. Deputy Ministers are included in the staffs of Departmental Services but Ministers of the Crown and the Solicitor-General are excluded. Members of Parliament and Senators are also omitted from these tables. For Boards, Commissions and other bodies, those members or officers serving on a full-time basis and whose salaries are fixed accordingly, are included, whereas directors or board members, who are paid on a per diem basis or who receive a nominal honorarium for their services are excluded.

A description of the sources of data and the means by which the information is submitted and prepared for use is contained in the following outline.

INTRODUCTION - TOTAL FEDERAL GOVERNMENT EMPLOYMENT AND PAYROLLS (TABLE 1)

Table 1 groups all employees of: 1) agency and proprietary corporations and other agencies, and 2) departmental branches, services and corporations. Each of these two categories is broken down into its component parts resulting in five main groups. These are: 1) agency corporations, 2) proprietary corporations, 3) other agencies, 4) departmental branches and services, and 5) departmental corporations. The first three record as gross earnings all moneys earned by the employees covered while the latter two combine overtime earnings and retroactive payments reported with regular earnings to obtain gross earnings.

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES (TABLE 2)

Statistics for these organizations are collected in two ways: 1) directly from the corporation or agency; 2) through the Employment Section of the Dominion Bureau of Statistics. The statistics reported do not permit a presentation by class, i.e. salaried, casuals and others, etc., hence composite figures are published. In most cases, employees reported represent the staff strength during the final pay period of the month. Gross earnings are reported and they accordingly include overtime and other types of special payments in addition to regular salaries and wages. Organizations included in Table 2 are listed by group as follows:

Agency Corporations

Atomic Energy of Canada Ltd.  
 Canadian Arsenals Ltd.  
 Canadian Commercial Corp.  
 Canadian Patents and Development Ltd.<sup>1/</sup>  
 Crown Assets Disposal Corp.

Defence Construction (1951) Ltd.

 Office of the Custodian

<sup>1/</sup> This body is staffed by employees of the National Research Council.

<sup>2/</sup> This body is staffed by employees of Defence Research Board and Defence Construction (1951) Ltd.

The Agency and Proprietary Corporations are listed in the Financial Administration Act under Schedules C and D respectively. The Glossary on page 38 of this report contains definitions of these two types of corporations. The "Other Agencies" though not listed or defined in the Financial Administration Act are nevertheless organizations of the Crown.

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS (TABLES 3 TO 11)Salaried employees

Salaried employees as used in this report means all persons paid on the basis of a stated annual salary rate, with the exception of the group known as "ships' officers". The latter group are excluded because of their special treatment under the Financial Administration Act. For a more complete definition of "salaried employees" see the Glossary.

The basic data is recorded in two ways: 1) by employee; 2) by group of employees.

## 1) By employee:

Individual position records are maintained for the majority of salaried positions in the departmental branches, services and corporations of the Government of Canada (the remainder will be treated under "2) by group of employees"). The position record cards contain data on the occupants of these positions. The records are amended monthly on the basis of documents received authorizing changes concerning positions and/or their occupants - thus affording a count of persons employed on the last day of the month. Because of an unavoidable time lag in the routing of position and personnel changes through normal channels, it is not always possible to include all changes in the appropriate month. The count of employees for a given month, therefore, will not always represent the exact staff strength at the end of that month. Regular earnings, being based on the annual salary rates, of employees on strength at the month's end, will not necessarily equal the actual amounts paid in salaries during a month. These factors are not, however, sufficiently significant to seriously affect the validity of the statistics.

## 2) By group of employees:

No individual position records are maintained for the remainder of salaried employees in departmental branches, services and corporations. Statistics on these employees are collected by means of forms or statements, giving: the staff strength at the end of the month, regular earnings earned

during the month, including earnings of those off-strength at the end of the month, retroactive payments and overtime payments. The following report in this manner:

Atomic Energy Control Board  
Defence Research and Development  
Fisheries Research Board of Canada  
Legislation:  
The Senate (Sessional employees)  
House of Commons (Sessional employees)  
National Film Board  
National Research Council including the Medical Research Council  
Post Office (part time employees; employees paid from Postal Revenues)  
Royal Canadian Mounted Police (Force)  
Royal Commissions

All salaried "locally-engaged" employees in foreign countries are also reported on forms. See the Glossary for definition.

#### Non-Salaried Employees (Prevailing Rate, Ships' Officers and Crews, Casuals and Others)

Statistics on non-salaried employees in departmental branches, services and corporations are collected, in all cases, by means of forms or statements. These summary reports based on payroll and other records indicate the staff strength, regular earnings, retroactive payments and overtime payments. Casual "locally-engaged" employees are also reported by this means. The ships' officers, which are in fact salaried employees, are included in the non-salaried group owing to their special treatment under the Financial Administration Act.

#### Departmental Corporations

The Departmental Crown Corporations fall under Schedule B of the Financial Administration Act, see the Glossary for definitions. The following lists the Departmental Corporations included in the tables on Departmental Branches, Services and Corporations:

Agricultural Stabilization Board  
Atomic Energy Control Board  
Canadian Maritime Commission  
Director of Soldier Settlement  
The Director, The Veterans' Land Act  
Dominion Coal Board  
Fisheries Prices Support Board  
National Gallery of Canada  
National Research Council  
Unemployment Insurance Commission

#### Hirings and Separations of Salaried Employees

Data on hirings and separations of salaried employees was first published in the Federal Government Employment report for December 1959 and covered the quarter October 1 to December 31, 1959. This table, included in the monthly report once each quarter, records hiring and separation numbers, averages and rates by department. "Department", as defined for use in hiring and separation statistics only, means a department, a departmental branch or departmental service which has a separately administered personnel office. For this reason organizations such as the Dominion Bureau of Statistics which are included under a departmental heading (Trade and Commerce) in the main tables are accorded separate departmental status in the table on staff turnover.

Each "department" is considered for purposes of turnover statistics as a separate employing agency. Consequently, movements of personnel between "departments" are treated in the same way as movements into and out of the government service. The aggregate hirings and separations are summed up in "Total - all Departments". It should be noted, therefore, that hiring and separation data for the entire Government of Canada as an employer cannot be secured from this table. The difference between this and the "Total - all Departments" would equal the number of inter-departmental movements which are, in fact, relatively few.

It should also be noted that the totals shown in this table differ from hiring and separation data published by the Civil Service Commission of Canada. The latter organization treats all staff employed under the authority of the Civil Service Act as a complete unit and consequently is concerned

only with movements into and out of "Act" employment. The Commission therefore is not concerned with inter-departmental movements of employees but on the other hand is concerned with movements of staff to and from "Act" employment even when such movements occur within a department.

The glossary of terms on page 40 should be referred to for definitions of certain terms used in the table on hirings and separations. These terms are:

1. Average employment
2. Monthly average (as pertains to hirings and separations)
3. Monthly rate per 1,000 employees (as pertains to hirings and separations).

Owing to the fact that relatively small changes in the staff of small departments can result in erratic fluctuations in the hiring and separation rates, such rates are not shown for "departments" with less than 100 employees. The numbers hired and separated as well as the average employment are shown for the use of any person wishing to calculate such rates.

#### CLASSIFICATION BY FUNCTION

The statistics of departmental branches, services and corporations are classified in tables 6 and 7 by function. The purpose of providing a classification by function is to supply a means of studying the operations of governments without the complications resulting from differences in administrative establishment which occur from time to time in each government and between governments. This analysis is useful in three ways. First it permits a detailed study of employment by the Government of Canada according to the main purposes or functions. Since these functions are not subject to the periodic changes which alter the administrative structure of the government, it is possible to develop a statistical series which, with minor exceptions, is consistent over an extended period of time. Second, since differences in administrative establishments are eliminated, it is possible to make meaningful comparisons between federal government expenditures on employment and similar expenditures by other levels of government. Third, an analysis of the relationship between expenditures on employment and total expenditures can be made with regard to each function. The use of percentages will facilitate comparisons especially between levels of government.

The classification by function reflects the purpose served by the expenditure, and employment statistics presented on this basis have been classified in accordance with concepts evolved by the Public Finance Section of the Dominion Bureau of Statistics for the presentation of financial statistics. The following listing shows how the administrative detail has been applied to the various functions and will serve to indicate clearly the meaning of each function. Since "other" is actually a group of functions, the component parts have been listed separately so that each may be self-evident.

COMPARABILITY BETWEEN NUMBERS AND EARNINGS

The user of these statistics is advised to avoid making direct comparisons between the numbers of employees reported and the earnings reported, the reason for this being that numbers relate to the last day of the month wherever possible and otherwise to the final pay period of the month. Since in certain categories, especially casual employment, considerable fluctuations in numbers employed frequently occur during a month, it will be seen that a comparison between the earnings of all persons employed during the month and the number on strength at the end of the month would, in many cases, not be valid.

COMPARABILITY WITH FORMER SURVEY

The statistical series produced on an annual basis for the years 1925 to 1952 was intended to include the number of permanent and temporary employees in the general administrative government services (this broadly speaking, included those coming under the Civil Service Act). In addition, the earnings of certain classes of employees referred to as "non-enumerated" classes were shown in the publication. The survey did not include a count of these "non-enumerated" classes. Since there was a distinct variation in the interpretation by departments of what constituted these groups there resulted differences between departments in the coverage of employees and earnings included in the annual series. The monthly series which commenced in April, 1952 includes employees not formerly counted in the tabulations as well as a number of government services not previously included, and consequently the statistics should not be compared with the former annual series.

GLOSSARY OF PRINCIPAL TERMS USED

1. Department: Also known as departmental services, departments are the named divisions of the Government of Canada as defined in the Financial Administration Act. See also 14 and 15 for special cases.
2. Crown corporation: A corporation which is ultimately accountable, through a Minister to Parliament for the conduct of its affairs, and includes the corporations named in the Financial Administration Act in Schedule B as departmental corporations, in Schedule C as agency corporations and in Schedule D as proprietary corporations.
3. Departmental corporation: A Crown corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature.
4. Agency corporation: A Crown corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management of procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. Proprietary corporation: A Crown corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of or dealing in goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.

6. Salaried employee: An employee who is paid on the basis of an annual salary rate and occupies a salaried position authorized by the Treasury Board or the Privy Council. These employees and positions may be of a continuing, term, seasonal, sessional, or part time nature. The positions are specified together with appropriate funds, in the Estimates of Canada and supplementary authorizing documents and are located in departmental branches, services and corporations subject to the regulation of the Treasury Board. Ships' officers are not classified as salaried owing to their special treatment under the Financial Administration Act.
7. Prevailing rate employee: A person employed in the Public Service of Canada whose remuneration is based on the rate of pay prevailing in the area where he is employed for the class of work he does. His rate of pay may also be based on rates prevailing in any area in Canada for work comparable to that which he does. The rates may be hourly, daily, weekly or monthly. These employees are governed by the Financial Administration Act - Prevailing Rate Employees General Regulations. They are occupants of positions authorized by the Treasury Board. The positions, together with appropriate funds, are listed in the Estimates of Canada and supplementary authorizing documents.
8. Ships' officer: A person employed in the Public Service for duty on a ship that is the property of or chartered by or on behalf of Her Majesty as a master, mate or marine engineer who is duly certified under the Canadian Shipping Act or in a position designated by the Treasury Board as that of a ship's officer. Excluded are members of the Armed Forces and the Royal Canadian Mounted Police. An annual rate of pay is determined by the Treasury Board after consultation with the Department of Labour. These employees are governed by the Financial Administration Act - Ships' Officer's Regulations. They are occupants of positions established by the Treasury Board, which positions, together with appropriate funds, are listed in the Estimates of Canada and supplementary authorizing documents.
9. Ships' crew employee: A person employed in the Public Service for duty on a ship that is the property of or chartered by or on behalf of Her Majesty as an unlicensed crew member. Excluded are members of the Armed Forces and Royal Canadian Mounted Police. These employees are paid on the basis of a monthly salary rate determined by the Treasury Board after consultation with the Department of Labour. They are governed by the Financial Administration Act - Ships' Crews Regulations. These employees are occupants of positions established by the Treasury Board, which positions, together with appropriate funds, are listed in the Estimates of Canada and supplementary authorizing documents.
10. Casual and other employees: All employees in Departments and Departmental corporations of the Government of Canada who are not defined as Salaried, Prevailing Rate, Ships' Officer or Ships' Crew employees.
11. Locally-Engaged employees: These are residents of foreign countries, employed by the Government of Canada to perform duties in the country in which they live. Their salary or wage is stated in the currency of the country where they are employed. Salaried locally-engaged employees occupy positions: (1) as Assistants; (2) in classes having the suffix U.K. i.e., Clerk 2(UK), Stenographer 1(UK), etc. While most are salaried, some are employed on a casual basis. The term "locally-engaged" excludes Canadian employees posted abroad.
12. Regular earnings: The basic pay of employees before deductions but excluding any special payments such as overtime, living allowances, etc. All regular earnings for the month, including those of persons off-strength at the end of the month are included in the tables where the title is used.
13. Earnings: As used in tables 1 & 2 this term means gross earnings before deductions including overtime, retroactive pay and other special payments in addition to regular earnings. In table 1, the earnings of employees of Departments and Departmental Corporations is limited to regular earnings plus overtime and retroactive pay.
14. Hiring: The initial appointment of a person to the reporting department whether as a new employee in the Government Service or by transfer from another department. Movements within a department are not considered as hirings. For purposes of hirings and separations only, the term "department" as used above is broadened to include departmental branches or services having a separately administered personnel office.
15. Separations: The termination of service of an employee in the reporting department by leaving the Government Service or by transfer to another department. Movements within a department are not considered as separations. For purposes of hirings and separations only, the term "department" as used above is broadened to include departmental branches or services having a separately administered personnel office.

16. Average employment: As used in the table on hirings and separations represents the mean monthly average number of employees in each "department" during the quarter.
17. Monthly average (as pertains to hirings and separations): represents the arithmetic mean i.e. one third of the actual hirings and separations for the quarter.
18. Monthly rate per 1,000 employees (as pertains to hirings and separations): the rate is computed by the following formula:

$$\frac{\text{monthly average (number hired or separated)} \times 1,000}{\text{average employment (during quarter)}}$$

## FEDERAL GOVERNMENT EMPLOYMENT

MAY, 1962

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April, 1962.

INTRODUCTION

This report includes some estimated figures for the Department of National Defence for which May 1962 data are only partially available. For additional detail, see tables in Part B.

The Government of Canada including its corporations and agencies, had 345,260 persons on payroll at the end of May 1962. This represents an increase of 2.5 p.c. or 8,269 from April 1962 and an increase of 1.4 p.c. or 4,614 from May 1961.

The staff of Agency Corporations increased by 416 from April 1962; those of Proprietary Corporations increased by 3,907 mainly due to the Canadian National Railways; Other Agencies increased by 2; Departmental Branches, Services and Corporations increased by 4,083 due mainly to seasonal increases in several departments; while Departmental Corporations declined by 139 due principally to the Unemployment Insurance Commission.

Total Federal Government payrolls amounted to \$130,004,000 for May 1962, up by 3.5 p.c. or \$4,392,000 from April 1962 and up by 3.3 p.c. or \$4,141,000 from May 1961.

MAY, 1962

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES

Agency and Proprietary Corporations and other Agencies aggregated 137,504 employees in May 1962, up by 3.2 p.c. or 4,325 from April 1962 and up by 0.3 p.c. or 403 from May 1961. The Canadian National Railways reported an increase of some 3,500 employees in May 1962 over the previous month resulting mainly from substantial hirings following the trucking strike.

Earnings of these employees amounted to \$56,980,000 in May 1962, up by 6.3 p.c. or \$3,365,000 from April 1962, and up by 2.8 p.c. or \$1,528,000 from May 1961. The bulk of the increase from April 1962 is accounted for by the Canadian National Railways, up by over \$3,000,000, resulting from the above-noted hirings, overtime, wage increases and retroactive payments, as well as seasonal increases.

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS

In order to avoid further delay in the release of this report, estimated figures have been included for salaried staff of Defence Research and Development, and, prevailing rate, ships' officers and crews, and casual staff of the entire Department of National Defence.

Employees in Departmental Branches, Services and Corporations numbered 207,756 at the end of May 1962, representing an increase of 1.9 p.c. or 3,944 over April 1962, and an increase of 2.1 p.c. or 4,201 over May 1961. Total earnings of these employees amounted to \$73,024,000 in May 1962 up by 1.4 p.c. or \$1,028,000 from April 1962 and up by 3.7 p.c. or \$2,614,000 from May of last year.

Analysis by functions, of the May 1962 staff strength, with those of April 1962 indicates the following main features: (1) increases in the function "Defence Services" of salaried employees, mostly summer employment in Defence Research and Development; of prevailing rate employees due to summer training of militia, reserve and cadets, in Canadian Army and Royal Canadian Air Force; of casual employees, particularly of day labour and construction maintenance, in Canadian Army and Royal Canadian Air Force; (2) an increase of casual employees in the function "Transportation and Communications - Airways" due mainly to seasonal increase in Transport - Air Services; (3) a decline of casual employees in function "Social Welfare - National Employment and Unemployment Insurance Services"; (4) an increase of prevailing rate employees in the function "Recreational and Cultural Services - Parks, Beaches and Other Recreational Areas" due to seasonal increase in National Parks Branch of Northern Affairs and National Resources; (5) an increase in salaried employees in the function "Natural Resources and Primary Industries - Fish and Game" due to seasonal increase in the Department of Fisheries; (6) an increase of prevailing rate employees in the function "Natural Resources and Primary Industries - Lands: Settlement and Agriculture", mainly due to seasonal increase in Research Branch of Agriculture Department.

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1962.

INTRODUCTION

Some estimated figures are used for the Department of National Defence for which June 1962 data are only partially available. For additional detail, see tables under Part B.

The Government of Canada, including its corporations and agencies, had 352,607 employees at the end of June 1962. This represents an increase of 2.1 p.c. or 7,347 from May 1962 and an increase of 0.8 p.c. or 2,666 from June 1961.

Total employee earnings for June 1962 amounted to \$131,667,000, up by \$1,663,000 from the previous month but down by \$2,994,000 from June 1961.

Staff strength was higher in June 1962 in four of the five groups of federal organizations. The most significant changes were in Proprietary Corporations which increased by 4,524 from 125,617 in May 1962, and in Departmental Branches and Services which increased by 3,249 from 193,035 in the previous month.

Total employee earnings for the first six months of 1962 amounted to \$763,577,000, up by \$22,827,000 over the corresponding period of 1961.

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES

Employees in Agency and Proprietary Corporations and Other Agencies totalled 142,292 at the end of June 1962 which represents an increase of 3.5 p.c. or 4,788 from May 1962 and a slight increase of 153 from June 1961. Earnings of these employees in June 1962 amounted to \$57,604,000, up by 1.1 p.c. or \$624,000 from May 1962 and down by 8.9 p.c. or \$5,621,000 from June 1961. The bulk of the increase from May 1962 in the number of employees and earnings is attributed to the Canadian National Railways.

Total employee earnings for the first six months of 1962 amounted to \$327,282,000, up by \$6,167,000 from \$321,115,000 for the like period of 1961.

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS

In order to avoid delay in the release of this report, estimated figures have been included for salaried staff of Defence Research and Development, and, prevailing rate, ships' officers and crews and casual staff in the entire Department of National Defence.

Preliminary figures for June 1962 indicate a total staff strength of 210,315, up by 1.2 p.c. or 2,559 from May 1962, and by 1.2 p.c. or 2,513 from June 1961. Employment was higher for all four types of employees in June 1962, the most significant of which were prevailing rate, up by 1,557 from the previous month. Total employee earnings for June 1962 amounted to \$74,063,000, up 1.4 p.c. or \$1,039,000 from May 1962 and 3.7 p.c. or \$2,627,000 from June 1961.

Analysis of the June 1962 data with those of May 1962 by function, indicates an increase of some 900 prevailing rate and of some 300 casual employees in the function "Defence Services", accounted for mainly by the Canadian Army and the Royal Canadian Air Force of National Defence; an increase of over 400 casual employees in the function "Transportation and Communications - Waterways" due to seasonal increases in Public Works and Transport; a decrease of almost 700 casual employees in the function "Social Welfare - National Employment and Unemployment Insurance Services"; and an increase of prevailing rate employees in the function "Recreational and Cultural Services - Parks, Beaches and other Recreational Areas" due to seasonal increase in Northern Affairs and National Resources; other variations were of less significance.

Total employee earnings for the first six months of 1961 amounted to \$436,295,000, up by 4.0 p.c. or \$16,660,000 from the same period of 1961. The bulk of the increase is accounted for mainly by the salaried employees, up by \$15,901,000.

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1962.

INTRODUCTION:

The quarterly table on hirings and separations of salaried employees for the second quarter of 1962 is included in this report.

Some estimated figures are used for the Department of National Defence because July 1962 data are only partially available. For more information, see footnotes on pages 18, 23 and 30.

The Government of Canada, including its corporations and agencies, had 356,580 employees at the end of July 1962. This represents an increase of 1.1 p.c. or 3,973 from June 1962 but was only slightly above the July 1961 count.

Total employee earnings for July 1962 amounted to \$134,643,000, up 2.3 p.c. or \$2,976,000 from June 1962 and 2.4 p.c. or \$3,142,000 from July 1961.

Staff strength was higher in July 1962 when compared with the previous month in four of the five types of federal organizations. The most significant change occurred in Proprietary Corporations, up by 3,136 from 130,141 in June 1962.

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES:

Employees in Agency and Proprietary Corporations and Other Agencies totalled 145,511 at the end of July 1962, an increase of 2.3 p.c. or 3,219 from June 1962 but a decrease of 0.5 p.c. or 742 from July 1961. Total employee earnings for the month of July 1962 amounted to \$60,446,000, up 4.9 p.c. or \$2,842,000 from June 1962 and 1.2 p.c. or \$741,000 from July 1961. The bulk of the increase in employees and their earnings in July 1962 over the preceding month is accounted for by the Canadian National Railways.

**PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS:**

In order to avoid a more extended delay in the release of this report, estimated figures have been included for salaried staff of Defence Research and Development, and, prevailing rate, ships' officers and crews and casual staff in the entire department of National Defence.

Preliminary figures for July 1962 indicate a total staff strength of 211,069, up 0.4 p.c. or 754 from June 1962, and 0.5 p.c. or 1,099 from July 1961. Employment was higher than in June for three of the four types of employees. The group having the greatest gain were salaried employees, up by 718. Total employee earnings for July 1962 were \$74,196,000 up slightly (by \$133,000) from June 1962 and 3.3 p.c. or \$2,400,000 above July 1961.

The principal variations in July staff strength when compared with that for June 1962 are: an indicated rise of prevailing rate staff in the function "Defence Services"; fewer casuals in "Transportation and Communications - Airways" because of reductions in the Air Services Branch of Transport; more casuals in "Transportation and Communications - Waterways" due to increased activity by the Harbours and Rivers Engineering Branch of Public Works; a drop in casuals for "Social Welfare" caused by a decline in unemployment which enabled the Unemployment Insurance Commission to reduce its staff; the function "Natural Resources and Primary Industries" recorded increased prevailing rate employment in "Lands, Settlement and Agriculture" because of activities of the Research Branch, Department of Agriculture.

Analysis of the quarterly table on hirings and separations of salaried employees for the second quarter of 1962 indicates: (1) a high separation rate for Legislation accounted for by the dissolution of Parliament in April 1962 and; (2) large hiring rates for both Fisheries and Forestry departments, mainly due to seasonal employment during the period.

**Notes and Definitions:**

**Department** — For purposes of this table only, the term "department" is broadened to include departmental branches or services having a separately administered personnel office.

**Hiring** — The initial appointment of an individual to the reporting department.

**Separation** — Termination of service of an individual in the reporting department.

\* Rates are omitted for departments with less than 100 employees as small changes in the number hired or separated result in abnormal changes in rates. Aggregates for these departments are given in "Total—Departments with less than 100 employees", as well as in "Total—All Departments".

-- Less than one.

**Note:** Figures may not add due to rounding.

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1962.

INTRODUCTION

Some estimated figures are used for the Department of National Defence because August 1962 data are only partially available. For more information, see footnotes on pages 18, 23 and 26.

The Government of Canada, including its corporations and agencies, had 351,013 employees at the end of August 1962. This represents a decrease of 1.6 p.c. or 5,567 from July 1962 and of 1.4 p.c. or 5,059 from August 1961.

Total employee earnings for the month of August 1962 amounted to \$133,594,000, down by \$1,049,000 from July 1962 and up by \$2,618,000 from August 1961.

Staff strength was lower in August 1962 when compared with the previous month in four of the five types of federal organizations. The most significant decline occurred in Departmental Branches and Services.

August 1962

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES:

Employees in Agency and Proprietary Corporations and Other Agencies totalled 144,574 at the end of August 1962 which represents a decrease of 0.6 p.c. or 937 from July 1962 and of 0.9 p.c. or 1,340 from August 1961. Earnings of these employees in August 1962 amounted to \$60,255,000, down by \$191,000 from July 1962 and up by \$1,602,000 from August 1961. About half of the decline in employment in August 1962 from the preceding month is accounted for by the Canadian National Railways.

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS:

In order to avoid a more extended delay in the release of this report, estimated figures have been included for salaried staff of Defence Research and Development, and, prevailing rate, ships' officers and crews, and casual staff in the entire department of National Defence.

Preliminary figures for August 1962 indicate a total staff strength of 206,439, down 2.2 p.c. or 4,630 from July 1962 and 1.8 p.c. or 3,719 from August 1961. Employment was lower than in July for three of the four types of employees, particularly casuals which declined by 2,269. Total employee earnings for August 1962 were \$73,340,000, down 1.2 p.c. or \$856,000 from July 1962 but up 1.4 p.c. or \$1,017,000 from August 1961.

The principal variations in August 1962 staff strength, when compared with the preceding month, are: an indicated substantial decline in salaried, prevailing rate and casual employees in the function "Defence Services"; decrease in salaried, prevailing rate and casual employees in the function "General Government - Executive and Administrative" involving several branches of departments; a decline of casual staff in the function "Transportation and Communications - Waterways" possibly due to reduced activities by the Harbours and Rivers Engineering Branch of Public Works and the Marine Services Branch of Transport; reduced salaried and casual employees in the function "Social Welfare - National Employment and Unemployment Insurance Services" due to seasonal decline of the Unemployment Insurance Commission, and; a decline of casual staff in the function "Education - Indian and Eskimo Schools and Schools in N.W.T." due to completion of repairs or improvements to schools.

SEPTEMBER 1962

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1962.

INTRODUCTION

Some estimated figures are used for the Department of National Defence, in view of the fact that September 1962 data are only partially available. For more information, see footnotes on pages 18, 23 and 26.

Employees of the Government of Canada, including its corporations and agencies, numbered 343,811 at the end of September 1962. This represents a decrease of 7,202 or 2.1 p.c. from the August 1962 figure, and 5,358 or 1.5 p.c. from September of the previous year.

Total employee earnings for the month of September 1962 amounted to \$127,610,000, a decrease of \$5,984,000 from the preceding month, and an increase of \$286,000 from September 1961.

Staff strength for the month under review was lower than in August 1962 in four of the five types of federal organizations, with Departmental Branches and Services accounting for the greatest decline.

While the Government's announced policy of reducing overall expenditures has, no doubt, had some effect on the size of the staff decrease a precise measurement cannot be made because of other contributing factors such as the return of students to school and the release of seasonal staff.

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES

Employees in Agency and Proprietary Corporations and Other Agencies totalled 142,164 at the end of September 1962, representing a decrease of 2,410, or 1.7 p.c. from August 1962, and 1,404 or 1.0 p.c. from September 1961. Earnings of this group in September amounted to \$56,275,000, a decrease of \$3,980,000 from the previous month, but an increase of \$144,000 over September 1961.

More than half of the September 1962 decline in employment in this group over August 1962 is accounted for by the seasonal decline within the Canadian National Railways.

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS

In an effort to avoid a more extended delay in the release of this report, estimated figures have been included for salaried staff of Defence Research and Development, and, prevailing rate, ships' officers and crews, and casual staff in the entire Department of National Defence.

Preliminary figures for September 1962 indicate a staff strength of 201,657, down by 4,782, or 2.4 p.c. from August 1962, and 3,944, or 2.0 p.c. from September 1961. Employment was lower than in August for all four types of employees, with prevailing rate employees decreasing by 1,816 or 7.1 p.c. and casuals decreasing 1,525 or 12.5 p.c. Employee earnings for September amounted to \$71,335,000, a decrease of \$2,005,000, or 2.7 p.c. from August 1962, and a slight increase of \$142,000 over September of the previous year.

The principal variations in September staff strength, when compared with the preceding month, are: an indicated substantial decline in salaried, prevailing rate and casual employment in the function "Defence Services"; a decrease in salaried and casual employees in the function "General Government - Executive and Administrative", which involves several branches of departments, but an increase in "Legislative" salaried staff, due to the opening of the 25th Parliament on the 27th of September; a decrease in prevailing rate and casual employment in the function "Transportation and Communications", principally in the field of airways, highways, roads and bridges, and waterways; a further decrease from last month in the function "Social Welfare - National Employment and Unemployment Insurance Services" due to a seasonal decline of the Unemployment Insurance Commission; a decline in the salaried and prevailing rate employees in the function "Natural Resources and Primary Industries" principally "Fish and Game; Forests and Lands; Settlement and Agriculture". In the function "Education", there was an increase in salaried staff in "Indian and Eskimo Schools and Schools in the N.W.T", presumably due to resumption of school activities.

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1962.

INTRODUCTION:

Some estimated figures are used for the Department of National Defence, in view of the fact that October 1962 data is only partially available. For more information, see footnotes on pages 18, 23, and 30.

Employees of the Government of Canada, including its Corporations and Agencies, numbered 340,626 in October 1962 a decrease of 3,195 or 0.9 p.c. from the previous month, and 4,008 or 1.2 p.c. from October 1961. Earnings of employees in this group for the month of October 1962 totalled \$130,850,000, an increase of \$3,240,000 over September 1962, and \$3,515,000 over October 1961.

Staff strength for the month under review was lower in three of the five types of federal organizations with Proprietary Corporations accounting for the greatest decline.

October 1962

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES:

Employees in Agency and Proprietary Corporations and Other Agencies totalled 139,892 at the end of October 1962, representing a decrease of 2,272, or 1.6 p.c. from September 1962, and 609, or 0.4 p.c. from October 1961. Employee earnings in October 1962 amounted to \$58,751,000, an increase of \$2,476,000 over the previous month, and \$2,367,000 over October 1961.

Most of the organizations had fewer employees in October 1962 as compared with the previous month but over half of the decline is attributable to the Canadian National Railways. Significant employment decline also occurred in Trans-Canada Air Lines and Canadian Arsenals Limited. The increase in earnings is accounted for almost exclusively by the Canadian National Railways with a \$3,000,000 larger payroll, including wage increases and retroactive payments.

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS:

In an effort to avoid a more extended delay in the release of this report, estimated figures have been included for salaried staff of Defence Research and Development, and, prevailing rate, ships' officers and crews, and casual staff in the entire Department of National Defence.

Preliminary figures for October 1962 indicate a staff strength of 200,734, a decrease of 923, or 0.5 p.c. from September 1962, and 3,399 or 1.7 p.c. from October 1961. Employment was lower in October 1962 than in the previous month for: salaried, down by 440, prevailing rate, down by 780; ships' officers and crews down by 66. Casual and others, however, were higher by 363. Employee earnings for October 1962 amounted to \$72,099,000, up by \$764,000 or 1.1 p.c. from September 1962, and up by \$1,148,000 or 1.6 p.c. from October 1961.

The principal variations in October 1962 in staff strength, when compared with previous months are: an indicated decline in salaried and casual employment in the function "Defence Services"; an increase in salaried employees in the function "Protection of Persons and Property - Corrections"; an increase in casual employees in the function - "Social Welfare - National Employment and Unemployment Insurance Services" due to seasonal increase of the Unemployment Insurance Commission; a decrease of prevailing rate employees in the function "Recreational and Cultural Services - Parks, Beaches and other Recreational Areas", mainly due to seasonal decline of Northern Affairs and National Resources; an increase in casual employees in the function "Education - Indian and Eskimo schools and schools in N.W.T." due to the hiring of caretakers for the school year by Citizenship and Immigration; a decrease of prevailing rate and an increase of casual employees in the function - "Natural Resources and Primary Industries - Lands: Settlement and Agriculture" due to Agriculture's seasonal decline of prevailing rate and the hiring of extra casual help for the harvesting season.

**Notes and Definitions:**

**Department** — For purposes of this table only, the term "department" is broadened to include departmental branches or services having a separately administered personnel office.

**Hiring** — The initial appointment of an individual to the reporting department.

**Separation** — Termination of service of an individual in the reporting department.

\* Rates are omitted for departments with less than 100 employees as small changes in the number hired or separated result in abnormal changes in rates. Aggregates for these departments are given in "Total—Departments with less than 100 employees", as well as in "Total—All Departments".

-- Less than one.

**Note:** Figures may not add due to rounding.

NOVEMBER 1962

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1962.

INTRODUCTION:

In view of the fact that November 1962 data are only partially available, some estimated figures are used for the Department of National Defence. For more information see footnotes on pages 18, 23 and 26.

Employees of the Government of Canada, including its corporations and agencies, numbered 334,436 for the month of November 1962, a decrease of 6,190 or 1.8 p.c. from the previous month, and 7,948 or 2.3 p.c. from November 1961.

Earnings of these employees for November 1962 amounted to \$126,374,000, a decrease of \$4,476,000 from October 1962, but an increase of \$1,120,000 over November of the previous year.

Staff strength for November 1962 was lower in three of the five types of federal organizations, with "Other Agencies" and "Departmental Corporations" showing a slight increase.

November 1962

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES:

Employees in Agency and Proprietary Corporations and Other Agencies totalled 135,054 at the end of November 1962, representing a decrease of 4,838 or 3.5 p.c. from October 1962, with each province showing a decrease, and 3,555 or 2.6 p.c. from November 1961.

Earnings of employees in this group amounted to \$55,069,000 in November 1962, a decrease of \$3,682,000 from the previous month, but an increase of \$726,000 over November 1961.

The decline in employment and earnings is accounted for mainly by the seasonal decline within the Canadian National Railways, The Northern Transportation Company Limited and the Canadian Arsenals Limited also reported a significant decrease in employment.

November 1962

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS:

In an effort to avoid a more extended delay in the release of this report, estimated figures have been included for salaried staff of Defence Research and Development, and, prevailing rate, ships' officers and crews and casual staff in the entire Department of National Defence.

November 1962 preliminary figures indicate a staff strength of 199,382, down 1,352 or 0.7 p.c. from October 1962, and 4,393 or 2.2 p.c. from November 1961. Employee earnings for November 1962 amounted to \$71,305,000, down \$794,000 or 1.1 p.c. from October 1962, and up \$394,000 or 0.6 p.c. from November of the previous year.

The principal variations in staff strength for the month of November 1962, when compared with the previous month are: an indicated decline in salaried and casual employment in the function "Defence Services"; a substantial increase of casual employees in the function "Social Welfare - National Employment and Unemployment Insurance Services" due to a seasonal increase of the Unemployment Insurance Commission; a decrease of prevailing rate employees in the function "Recreational and Cultural Services - Park, Beaches and other Recreational Areas"; a decline of prevailing rate and casual employees in the function "Natural Resources and Primary Industries - Lands: Settlement and Agriculture" due to seasonal decline of the Department of Agriculture; and an increase of casual employees in the function "Other - Post Office" due to seasonal increase of the Post Office Department.

## FEDERAL GOVERNMENT EMPLOYMENT

DECEMBER 1962

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1962.

INTRODUCTION:

Some estimated figures are used for the Department of National Defence in view of the fact that December 1962 data are only partially available. For more information, see footnotes on pages 18, 23 and 26.

Employees of the Government of Canada including its corporations and agencies, indicate a staff strength of 330,306 at the end of December 1962. This represents a decrease of 4,130 or 1.2 p.c. from the November 1962 figure, and 6,592 or 2.0 p.c. from December 1961.

Total earnings for the month of December amounted to \$126,494,000, an increase of \$120,000 over the previous month and \$2,299,000 over December 1961.

Total earnings for the calendar year 1962 amounted to \$1,544,157,000 an increase of \$36,823,000 or 2.4 p.c. over the previous calendar year.

Staff strength for the month under review was lower than in November 1962 in four of the five types of federal organizations, with Proprietary Corporations accounting for the greatest decline.

December 1962

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES:

Employees in Agency and Proprietary Corporations and Other Agencies totalled 132,035 at the end of December 1962, a decrease of 3,019 or 2.2 p.c. from November 1962, and 2,735 or 2.0 p.c. from December 1961. Earnings of employees in this group amounted to \$55,071,000 an increase of \$2,000 from November 1962 and \$1,643,000 from December 1961. There is an indicated increase in the calendar year 1962 over the 1961 calendar year of 2.0 p.c.

The seasonal employment decline over November 1962 is mostly attributable to the Canadian National Railways, although the National Harbours Board, Trans-Canada Air Lines and Canadian Arsenals Limited also indicate a decrease. Employee earnings are practically unchanged from the previous month, involving decreases mainly in the Canadian National Railways but offset by retroactive payments by other organizations.

December 1962

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS:

In an effort to avoid a more extended delay in the release of this report, estimated figures have been included for salaried staff of Defence Research and Development, and, prevailing rate, ships' officers and crews, and casual staff in the entire Department of National Defence.

Employees in Departmental Branches, Services and Corporation's totalled 198,271 at the end of December 1962, which represents a decrease of 1,111 or 0.6 p.c. from the previous month, and 3,857 or 1.9 p.c. from December 1961. Total earnings of these employees amounted to \$71,423,000 in December 1962, an increase of \$118,000 from November 1962 and \$656,000 from December 1961.

During the last five months of 1962, a net decline of 12,839 employees occurred. This 6.1 p.c. reduction in staff from 211,110 at July 31, 1962 to 198,271 at December 31, 1962 resulted mainly from two factors:

1. Economy measures introduced by the Government of Canada, effective July 13, 1962 are estimated to have resulted in a decline of between 4,000 and 4,100 employees by December 31, 1961.

2. Seasonal declines, customary during the latter part of the year, accounted for most of the remaining 8,700 reduction in staff.

It is thus estimated that economy measures accounted for a staff reduction of approximately 2 p.c. and seasonal declines for approximately 4.0 p.c. during the five month period. For comparative purposes employment declined by 7,842 employees or 3.7 p.c. from 209,970 at July 31, 1961 to 202,128 at December 31, 1961.

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1962.

INTRODUCTION:

Some estimated figures have been used for the department of National Defence, in view of the fact that January 1963 data are only partially available. For more information, see footnotes on pages 18, 23 and 30.

Employees of the Government of Canada, including its corporations and agencies, indicate a staff strength of 329,654 at the end of January 1963. This represents a decrease of 652 or 0.2 p.c. from December 1962 and 7,874 or 2.3 p.c. from January of the previous year.

Total earnings for the month of January 1963 amounted to \$144,572,000, an increase of \$18,078,000 or 14.3 p.c. over December 1962, and \$18,844,000 or 15.0 p.c. over January 1962, mainly due to payment of retroactive salary increases.

Staff strength for the month being reviewed reflected slightly higher employment in three of the five types of federal organizations, with Proprietary Corporations showing the greatest increase.

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES:

Employees in Agency and Proprietary Corporations and Other Agencies totalled 131,083 in January 1963, a decrease of 952 or 0.7 p.c. from December 1962; and 1,268 or 1.0 p.c. from January 1962. Earnings of these employees in January 1963 amounted to \$55,371,000, an increase of \$300,000 over December 1962 and \$1,784,000 over January 1962.

The decline in employment from December 1962 was mostly due to the Canadian National Railways, and secondly to the National Harbours Board, but offset to some extent by the Polymer Corporation reporting overseas employees for the first time.

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS:

In an effort to avoid a more extended delay in the release of this report, estimated figures have been included for salaried staff of Defence Research and Development, and, prevailing rate, ships' officers and crews and casual staff in the entire Department of National Defence.

Salary revisions were announced for a group of salaried employees, the majority of which were effective October 1961. It is estimated that the retroactive payments to December 1962 amounted to some \$15,800,000. Regular earnings for January 1963 include the revised salaries for that month.

Beginning with this report, data for the Canadian Government Travel Bureau is included with the Department of Trade and Commerce. The official date of the transfer to that Department from the Department of Northern Affairs and National Resources was November 27, 1962.

January 1963 preliminary figures indicate a staff strength of 198,571, up 300 or 0.2 p.c. from December 1962 but down 6,606 or 3.2 p.c. from January 1962. Employee earnings for January 1963 amounted to \$89,201,000, up \$17,778,000 or 24.9 p.c. from December 1962 and \$17,060,000 or 23.6 p.c. from January 1962.

The principal variations in staff strength for the month of January 1963, when compared with the previous month are: an indicated decrease in salaried employees and increase in casual employees in the function "Defence Services"; a decline of casual employment in the function "Transportation and Communications - Waterways", due mainly to reduced seasonal activities in the Harbours and Rivers Services of Public Works; and, an increase of prevailing rate and casual employees in the function "Recreational and Cultural Services - Parks, Beaches and other Recreational Areas" due to increased seasonal operations in the National Parks Branch of Northern Affairs and National Resources.

**Notes and Definitions:**

**Department** — For purposes of this table only, the term "department" is broadened to include departmental branches or services having a separately administered personnel office.

**Hiring** — The initial appointment of an individual to the reporting department.

**Separation** — Termination of service of an individual in the reporting department.

\* Rates are omitted for departments with less than 100 employees as small changes in the number hired or separated result in abnormal changes in rates. Aggregates for these departments are given in "Total—Departments with less than 100 employees", as well as in "Total—All Departments".

-- Less than one.

**Note:** Figures may not add due to rounding.

## FEDERAL GOVERNMENT EMPLOYMENT

FEBRUARY 1963

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1962.

INTRODUCTION:

Some estimated figures are used for the Department of National Defence in view of the fact that February 1963 data are only partially available. For more information, see footnote on pages 18, 23 and 26.

Employees of the Government of Canada, including its corporation and agencies, indicate a staff strength of 327,790 at the end of February 1963, representing a decrease of 1,864 or 0.6 p.c. from January 1963 and 9,992 or 3.0 p.c. from February of the previous year. The decrease from January 1963 is accounted for mostly by staff reduction in the Canadian National Railways.

Total earnings of these employees for the month of February 1963 amounted to \$125,351,000, a decrease of \$19,221,000 from the preceding month, but an increase of \$2,085,000 over February 1962. The substantial decline over January 1963 results mainly from the inclusion in the latter month of some \$16,000,000 in retroactive payments for Departmental Branches, Services and Corporations.

Staff strength for the month under review was lower than in January 1963 in all of the five types of federal organizations with Proprietary Corporations accounting for 73 p.c. of the decline.

February 1963

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES:

Employees in Agency and Proprietary Corporations and Other Agencies totalled 129,635 in February 1963, a decrease of 1,448 or 1.1 p.c. from January 1963 and 2,580 or 2.0 p.c. from February 1962.

Earnings of these employees amounted to \$52,310,000 in February 1963, a decrease of \$3,061,000 from January 1963 but an increase of \$645,000 from February 1962.

The decline in the number of employees and their earnings in February 1963 from the previous month is due mostly to the staff reduction of the Canadian National Railways. The Trans-Canada Air Lines also indicate a decrease in employees and earnings.

February 1963

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS:

In an effort to avoid a more extended delay in the release of this report, estimated figures have been included for salaried staff of Defence Research and Development, and, prevailing rate, ships' officers and crews, and casual staff in the entire Department of National Defence.

Preliminary figures for February 1963, indicate a staff strength of 198,155, a decrease of 416 or 0.2 p.c. from January 1963 and 7,412 or 3.6 p.c. from February of the previous year.

Total earnings of these employees amounted to \$73,041,000 in February 1963, a decrease of \$16,160,000 or 18.1 p.c. from January 1963, but an increase of \$1,440,000 or 2.0 p.c. from February 1962. The substantial decline in February 1963 from the previous month is accounted for by the inclusion of some \$16,000,000 in retroactive payments in January 1963.

The principal variations in staff strength for the month of February 1963 when compared with the previous month are: an indicated increase of casual employment in the function "Defence Services"; a substantial decline of salaried employees in the function "General Government - Legislative" due to the dissolution of Parliament on the 6th of February; a decline of casual staff in the function "Social Welfare - National Employment and Unemployment Insurance Services" due to seasonal decline of the Unemployment Insurance Commission, and; an increase of casual employees in the function "Natural Resources and Primary Industries - Other".

## FEDERAL GOVERNMENT EMPLOYMENT

MARCH 1963

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1962.

INTRODUCTION:

Arrangements have now been made with the Department of National Defence for improved timeliness and coverage, adding approximately 700 employees to data previously reported. The February 1963 data in this report have been revised on the new basis. Included in this report for the first time are: the National Centennial Administration, and prevailing rate employees of the Royal Canadian Mounted Police.

Employees of the Government of Canada, including its corporations and agencies, indicate a staff strength of 328,640 at the end of March 1963, representing an increase of 132 from February 1963 and a decrease of 9,535 or 2.8 p.c. from March 1962. Total earnings of these employees for March 1963 amounted to \$126,273,000, an increase of \$719,000 or 0.6 p.c. from February 1963 and a decrease of \$1,901,000 or 1.5 p.c. from March 1962.

The total earnings of Federal Government employees for the fiscal year ended March 1963 amounted to \$1,568,052,000, up \$44,559,000 or 2.9 p.c. from \$1,523,493,000 for the fiscal year ended March 1962.

March 1963

PART A - AGENCY AND PROPRIETARY CORPORATION AND OTHER AGENCIES:

Beginning with this month, employment data of the National Centennial Administration is included.

The Agency and Proprietary Corporations and Other Agencies had a total of 129,819 employees at the end of March 1963. This indicates an increase of 184 or 0.1 p.c. from February 1963 and a decrease of 2,803 or 2.1 p.c. from March 1962. Earnings of these employees amounted to \$53,770,000 in March 1963 an increase of \$1,293,000 or 2.5 p.c. from February 1963 and a decrease of \$278,000 or 0.5 p.c. from March 1962. The increase in earnings from February 1963 is accounted for mainly by the Canadian National Railways, which reported a payroll \$950,000 higher.

Total payroll for the fiscal year ended March 1963 amounted to \$677,977,000, up \$10,769,000 or 1.6 p.c. from \$667,208,000 for the fiscal year ended March 1962.

March 1963

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS:

Arrangements have now been made with the Department of National Defence for improved timeliness and coverage. This improved coverage has resulted in the addition of approximately 700 employees to data previously reported. The revised figures for February 1963 shown in this report were prepared on the new basis.

Beginning with this month, statistics on prevailing rate employees are included for the Royal Canadian Mounted Police. There were 67 such employees at the end of the month.

Statistics for March 1963 indicate a staff strength of 198,821, a decrease of 52 from February 1963 and 6,732 or 3.3 p.c. from March 1962. Total earnings of these employees amounted to \$72,503,000 in March 1963, a decrease of \$574,000 or 0.8 p.c. from February 1963 and \$1,624,000 or 2.2 p.c. from March 1962.

The principal variations in staff strength for the month of March 1963 when compared with the previous month are: a decrease of salaried employees in the function "Defence Services"; an increase of salaried employees in the function "General Government-Executive and Administrative", mainly due to added staff in the Taxation Division, Department of National Revenue; a decline of casual employees in the function "Social Welfare - National Employment and Unemployment Insurance Services", which results from diminishing seasonal workload of the Unemployment Insurance Commission; an increase of prevailing rate and casual employees in the function "Recreational and Cultural Services - Parks, Beaches and other Recreational Areas"; and a decrease of casual employees in the function "Natural Resources and Primary Industries-Other".

Total employee earnings for the fiscal year ended March 1963 amounted to \$890,075,000, up \$33,790,000 or 3.9 p.c. from \$856,285,000 for the fiscal year ended March 1962. Earnings of salaried employees increased by \$37,027,000 to \$750,733,000.

## FEDERAL GOVERNMENT EMPLOYMENT

APRIL 1963

## NOTE

A complete description of the method of collection and the statistics included in this series is given, together with other background detail, in Part C of this report.

INTRODUCTION

The quarterly statement of hirings and separations data for salaried employees for the first quarter of 1963 is included in this report.

Employees of the Government of Canada, including its corporations and agencies, indicate a staff strength of 330,886 at the end of April 1963, an increase of 2,246, or 0.7 p.c. over March 1963, but a decrease of 5,885, or 1.7 p.c. from April of the previous year.

Total earnings for the months being reviewed aggregated \$129,115,000, \$126,273,000 and \$125,58,000 respectively. This represented an increase in April 1963 over March 1963 of 2.3 p.c., and an increase of 2.7 p.c. over April 1962.

Total earnings of Federal Government employees for the first four months of 1963 amounted to \$26,468,000, an increase of \$22,888,000 over the same four month period in 1962, largely accounted for by the inclusion in January 1963 of retroactive salary increases for certain classes of employees in Departments and Departmental Corporations.

APRIL 1963

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES:

Employees in Agency and Proprietary Corporations and Other Agencies totalled 131,137 at the of April 1963, an increase of 1,318 or 1.0 p.c. over March 1963, but a decrease of 2,042 or 1.5 p.c. from April 1962.

Earnings of these employees for the same periods, aggregated \$55,476,000; \$53,770,000; and \$53,925,000, respectively.

The increase in the number of employees is largely due to the Canadian National Railways, also to the National Harbours Board and the Northern Transportation Company Limited resulting from the opening of the navigation season. The increase in earnings is mainly accounted for by the Canadian National Railways and some \$450,000 reported in retroactive payments by the Trans-Canada Air Lines.

APRIL 1963

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS:

Employees in Departmental Branches, Services and Corporations totalled 199,749 at the end of April 1963 which represents an increase of 928 or 0.8 p.c. over March 1963, but a decrease of 3,843, or 1.9 p.c. from April 1962. Total earnings of these employees amounted to \$73,639,000, an increase of \$1,136,000 over the previous month, and \$1,796,000 over April 1962.

The principal variations in staff strength, by function, for the month of April 1963, when compared with March 1963, are outlined in the following table:

Function	Administrative Unit	Change and Reason <sup>1/</sup>
Defence Services .....	National Defence (Army)	P.R. up - seasonal - mainly Militia and Cadet Summer Training; C. up - seasonal - Command Pool and Day Labourers.
Transportation and Communications ..	Public Works, Transport	S.C. up - Opening of navigation; C. down - seasonal - completion of work on canals prior to their opening.
Recreational and Cultural Service..	Northern Affairs and National Resources	P.R. up - seasonal preparation of parks, for summer tourist season.
Social Welfare .....	Labour	P.R. - down - Seasonal drop in unemployment claims, hence in U.I.C.
National Resources and Primary Industries .....	Agriculture	P.R. and C. up - seasonal work on experimental farms spring seeding, animal care, opening of pastures, etc.

<sup>1/</sup> Abbreviations have been used as follows; salaried staff - S; Prevailing Rate - P.R.; Casuals - C; Ships' Officers - S.O.; Ships' Crews - SC.

Combination of two Divisions in National Health and Welfare and its assignment to one function has resulted in an increase in Salaried in Health and a corresponding decrease in Other.

Total earnings of this group of employees for the period January 1 to April 30, 1963, amounted to \$309,121,000 an increase of \$19,410,000 over the same period in 1962, which increase is mainly accounted for by the inclusion of retroactive salary increases in January 1963 for certain classes of salaried employees.

**Notes and Definitions:**

**Department** — For purposes of this table only, the term "department" is broadened to include departmental branches or services having a separately administered personnel office.

**Hiring** — The initial appointment of an individual to the reporting department.

**Separation** — Termination of service of an individual in the reporting department.

\* Rates are omitted for departments with less than 100 employees as small changes in the number hired or separated result in abnormal changes in rates. Aggregates for these departments are given in "Total—Departments with less than 100 employees", and are also included in "Total—All Departments".

-- Less than one.

**Note:** Figures may not add due to rounding.

April 1963

PART C - EXPLANATORY NOTESPREFACEHistory

The present statistics are the result of a monthly survey of Government of Canada employment published since April 1952. This monthly report has had three different titles. In the period April 1952 to August 1953 it was known as "Government of Canada Employment and Payrolls". In the period September 1953 to March 1954 the report was known as "Federal Government Employment and Payrolls" and since April 1954 the name of the publication has been "Federal Government Employment". The monthly statistical series replaces one formerly issued annually under several different titles, the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title of the report was changed to "Summary Statistics of the Civil Service of Canada". Reports under this title were issued in a combined form for the fiscal years ended 1940 to 1942 and for each of the fiscal years ended 1943 to 1948. The title was again changed to "Summary Statistics, Federal Civil Service Employment and Payrolls" for the year ended March 31, 1949. For the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrolls".

Method of presenting the Statistics

The present monthly report is composed of three parts. Introduction summarizes, in Table 1, data on all persons employed by the Federal Government and its agencies. Part A presents, in Table 2, employment data of agency and proprietary corporations and other agencies by province. A list of these bodies appears on page 32 of this section. Part B consists of Tables 3 to 11 which present statistics relating to the departmental branches, services and corporations listed in the Financial Administration Act plus a few which are not listed therein. Data on these is presented in Tables 3 to 11 as detailed in the table of contents on page 3. The table on numbers and rates of hirings and separations for salaried employees is included quarterly.

Extent of Coverage

The report includes all departmental branches, services and corporations as well as proprietary and agency corporations and other agencies of the Government of Canada. The Statistics relate only to civilian employees and to members of the Royal Canadian Mounted Police (which being a semi-military organization are not considered as being civilian). Deputy Ministers are included in the staffs of Departmental Services. Members of Boards, Commissions and other bodies serving on a full time basis and whose salaries are fixed accordingly are included.

Excluded are:

- Field parties of Mines and Technical Surveys, data available twice yearly
- Employees of the Post Office paid from Postal Revenues
- Officers of Boards, Commissions and other bodies who are paid on a per diem basis or who received a nominal honorarium for their services
- Judges
- Members of the Armed Forces
- Ministers of the Crown and the Solicitor-General
- Members of Parliament and Senators
- Governor General and Lieutenant-Governors
- Canada Council and National Productivity Council
- International organizations, the expenses of which are shared by Canada.
- Employees of firms under contract to the Government of Canada

Uses of these Statistics

The statistics are presented in a form which is intended to facilitate among other uses, direct comparisons between the number employed as reported in this publication and the number of positions established for each administrative branch of government published in the Estimates of Canada. The data can also be analysed by function, its usefulness is described in another paragraph.

A description of the sources of data and the means by which the information is submitted and prepared for use is contained in the following outline.

INTRODUCTION - TOTAL FEDERAL GOVERNMENT EMPLOYMENT AND PAYROLLS (TABLE 1)

Table 1 groups all employees of: 1) agency and proprietary corporations and other agencies, and 2) departmental branches, services and corporations. Each of these two categories is broken down into its component parts resulting in five main groups. These are: 1) agency corporations, 2) proprietary corporations, 3) other agencies, 4) departmental branches and services, and 5) departmental corporations. The first three record as gross earnings all moneys earned by the employees covered while the latter two combine overtime earnings and retroactive payments reported with regular earnings to obtain gross earnings.

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES (TABLE 2)

Statistics for these organizations are collected in two ways: 1) directly from the corporation or agency; 2) through the Employment Section of the Dominion Bureau of Statistics. The statistics reported do not permit a presentation by class, i.e. salaried, casuals and others, etc., hence composite figures are published. In most cases, employees reported represent the staff strength during the final pay period of the month. Gross earnings are reported and they accordingly include overtime and other types of special payments in addition to regular salaries and wages. Organizations included in Table 2 are listed by group as follows:

Agency Corporations

Atomic Energy of Canada Ltd.	National Battlefields Commission
Canadian Arsenals Ltd.	National Capital Commission

The agency and Proprietary Corporations are listed in the Financial Administration Act under Schedules C and D respectively. The Glossary on page 38 of this report contains definitions of these two types of corporations. The "Other Agencies" though not listed or defined in the Financial Administration Act are nevertheless organizations of the Crown.

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS (TABLES 3 TO 11)Salaried employees

Salaried employees as used in this report means all persons paid on the basis of a stated annual salary rate, with the exception of the group known as "ships' officers". The latter group are excluded because of their special treatment under the Financial Administration Act. For a more complete definition of "salaried employees" see the Glossary.

The basic data is recorded in two ways: 1) by employee; 2) by group of employees.

1) By employee:

Individual position records are maintained for the majority of salaried positions in the

departmental branches, services and corporations of the Government of Canada (the remainder will be

treated in the next paragraph). The position record cards contain data on the occupants of these

positions. The records are amended monthly on the basis of documents received authorizing changes

concerning positions and/or their occupants - thus affording a count of persons employed on the last

day of the month. Because of an unavoidable time lag in the routing of position and personnel changes

through normal channels, it is not always possible to include all changes in the appropriate month.

The count of employees for a given month, therefore, will not always represent the exact staff

strength at the end of that month. Regular earnings, being based on the annual salary rates of em-

ployees on strength at the month's end, will not necessarily equal the actual amounts paid in salaries

during the month. These factors are not, however, sufficiently significant to seriously affect the

validity of the statistics.

2) By group of employees:

No individual position records are maintained for the remainder of salaried employees in de-

partmental branches, services and corporations. Statistics on these employees are collected by means

of forms or statements giving: the staff strength at the end of the month, regular earnings earned

during the month, including earnings of those off-strength at the end of the month, retroactive pay-

ments and overtime payments. The following report in this manner:

Atomic Energy Control Board

Defence Research and Development

Fisheries Research Board of Canada

Legislation:

The Senate (Sessional employees)

House of Commons (Sessional employees)

National Film Board

National Research Council including the Medical Research Council

Post Office (part time employees; employees paid from Postal Revenues)

Royal Canadian Mounted Police (Force)

Royal Commissions

All salaried "locally-engaged" employees in foreign countries are also reported on forms.

See the Glossary for definition.

Non-Salaried Employees (Prevailing Rate, Ships' Officers and Crews, Casuals and Others)

Statistics on non-salaried employees in departmental branches, services and corporations are

collected, in all cases, by means of forms or statements. These summary reports based on payroll and

other records indicate the staff strength, regular earnings, retroactive payments and overtime pay-

ments. Casual "locally-engaged" employees are also reported by this means. The ships' officers, which

are in fact salaried employees, are included in the non-salaried group owing to their special treat-

ment under the Financial Administration Act.

Departmental Corporations

The Departmental Crown Corporations fall under Schedule B of the Financial Administration Act,

see the Glossary for definitions. The following lists the Departmental Corporations included in the

tables on Departmental Branches, Services and Corporations:

Agricultural Stabilization Board

Atomic Energy Control Board

Canadian Maritime Commission

Director of Soldier Settlement

The Director, The Veterans' Land Act

Dominion Coal Board

Fisheries Prices Support Board

National Gallery of Canada

National Research Council

Unemployment Insurance Commission

### Hirings and Separations of Salaried Employees

Data on hirings and separations of salaried employees was first published in the Federal Government Employment report for December 1959 and covered the quarter October 1 to December 31, 1959. This table, included in the monthly report once each quarter, records hiring and separation averages and rates by department. "Department", as defined for use in hiring and separation statistics only, means a department, a departmental branch or departmental service which has a separately administered personnel office. For this reason, organizations such as the Dominion Bureau of Statistics which are included under a departmental heading (Trade and Commerce) in the main tables are accorded separate departmental status in the table on staff turnover.

Each "department" is considered for purposes of turnover statistics as a separate employing agency. Consequently, movements of personnel between "departments" are treated in the same way as movements into and out of the government service. The aggregate hirings and separations are summed up in "Total - all Departments". It should be noted, therefore, that hiring and separation data for the entire Government of Canada as an employer cannot be secured from this table. The difference between this and the "Total - all Departments" would equal the number of inter-departmental movements which are, in fact, relatively few.

It should also be noted that the totals shown in this table differ from hiring and separation data published by the Civil Service Commission of Canada. The latter organization treats all staff employed under the authority of the Civil Service Act as a complete unit and consequently is concerned only with movements into and out of "Act" employment. The Commission therefore is not concerned with inter-departmental movements of employees but on the other hand is concerned with movements of staff to and from "Act" employment even when such movements occur within a department.

The glossary of terms on page 40 should be referred to for definitions of certain terms used in the table on hirings and separations. These terms are:

1. Average employment
2. Monthly average (as pertains to hirings and separations)
3. Monthly rate per 1,000 employees (as pertains to hirings and separations).

Owing to the fact that relatively small changes in the staff of small departments can result in erratic fluctuations in the hiring and separation rates, such rates are not shown for "departments" with less than 100 employees. The average hired and separated, as well as the average employment, are shown for the use of any person wishing to calculate such rates.

### CLASSIFICATION BY FUNCTION

The statistics of departmental branches, services and corporations are classified in tables 6 and 7 by function. The purpose of providing a classification by function is to supply a means of studying the operations of governments without the complications resulting from differences in administrative establishment which occur from time to time in each government and between governments. This analysis is useful in three ways. First it permits a detailed study of employment by the Government of Canada according to the main purposes or functions. Since these functions are not subject to the periodic changes which alter the administrative structure of the government, it is possible to develop a statistical series which, with minor exceptions, is consistent over an extended period of time. Second, since differences in administrative establishments are eliminated, it is possible to make meaningful comparisons between federal government expenditures on employment and similar expenditures by other levels of government. Third, an analysis of the relationship between expenditures on employment and total expenditures can be made with regard to each function. The use of percentages will facilitate comparisons especially between levels of government.

The classification by function reflects the purpose served by the expenditure, and employment statistics presented on this basis have been classified in accordance with concepts involved by the Public Finance Section of the Dominion Bureau of Statistics for the presentation of financial statistics. The following listing shows how the administrative detail has been applied to the various functions and will serve to indicate clearly the meaning of each function. Since "other" is actually a group of functions, the component parts have been listed separately so that each may be self-evident.

#### COMPARABILITY BETWEEN NUMBERS AND EARNINGS

The user of these statistics is advised to avoid making direct comparisons between the numbers of employees reported and the earnings reported, the reason for this being that numbers relate to the last day of the month wherever possible and otherwise to the final pay period of the month. Since in certain categories, especially casual employment, considerable fluctuations in numbers employed frequently occur during a month, it will be seen that a comparison between the earnings of all persons employed during the month and the number on strength at the end of the month would, in many cases, not be valid.

#### COMPARABILITY WITH FORMER SURVEY

The statistical series produced on an annual basis for the years 1925 to 1952 was intended to include the number of permanent and temporary employees in the general administrative government services (this broadly speaking, included those coming under the Civil Service Act). In addition, the earnings of certain classes of employees referred to as "non-enumerated" classes were shown in the publication. The survey did not include a count of these "non-enumerated" classes. Since there was a distinct variation in the interpretation by departments of what constituted these groups, there were substantial differences between departments in the types of employees and earnings included in the annual series.

The present series which commenced in April 1952 includes employees not formerly counted in the publications as well as a number of government services not previously included, and consequently the statistics should not be compared with the former annual series.

#### GLOSSARY OF PRINCIPAL TERMS USED

1. Department: Also known as departmental services, departments are the named divisions of the Government of Canada as defined in the Financial Administration Act.
2. "Department": As used in the quarterly table on hirings and separations, the usual term department is broadened to include departmental branches or services having a separately administered personnel office. The reason for this is because movements to and from these "departments" constitute hirings and separations.
3. Crown corporation: A corporation which is ultimately accountable, through a Minister to Parliament for the conduct of its affairs, and includes the corporations named in the Financial Administration Act in Schedule B as departmental corporations, in Schedule C as agency corporations and in Schedule D as proprietary corporations.
4. Departmental corporation: A Crown corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature.

5. **Agency corporation:** A Crown corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management of procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
6. **Proprietary corporation:** A Crown corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of or dealing in goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.
7. **Other agencies:** These are organizations which are not listed in the Financial Administration Act as departments or departmental agency or proprietary Crown corporations but are nevertheless organizations of the Federal Government. Because of the nature of these agencies, they have been classed with agency and proprietary Crown corporations.
8. **Salaried employee:** An employee who is paid on the basis of an annual salary rate and occupies a salaried position authorized by the Treasury Board or the Privy Council. These employees and positions may be of a continuing, term, seasonal, sessional, or part time nature. The positions are specified together with appropriate funds, in the Estimates of Canada and supplementary authorizing documents and are located in departmental branches, services and corporations subject to the regulation of the Treasury Board. Ships' officers are not classified as salaried owing to their special treatment under the Financial Administration Act.
9. **Prevailing rate employee:** A person employed in the Public Service of Canada whose remuneration is based on the rate of pay prevailing in the area where he is employed for the class of work he does. His rate of pay may also be based on rates prevailing in any area in Canada for work comparable to that which he does. The rates may be hourly, daily, weekly or monthly. These employees are governed by the Financial Administration Act - Prevailing Rate Employees General Regulations. They are occupants of positions authorized by the Treasury Board. The positions, together with appropriate funds, are listed in the Estimates of Canada and supplementary authorizing documents.
10. **Ships' officer:** A person employed in the Public Service for duty on a ship that is the property of or chartered by or on behalf of Her Majesty as a master, mate or marine engineer who is duly certified under the Canadian Shipping Act or in a position designated by the Treasury Board as that of a ship's officer. Excluded are members of the Armed Forces and the Royal Canadian Mounted Police. An annual rate of pay is determined by the Treasury Board after consultation with the Department of Labour. These employees are governed by the Financial Administration Act - Ships' Officer's Regulations. They are occupants of positions established by the Treasury Board, which positions, together with appropriate funds, are listed in the Estimates of Canada and supplementary authorizing documents.
11. **Ships' crew employee:** A person employed in the Public Service for duty on a ship that is the property of or chartered by or on behalf of Her Majesty as an unlicensed crew member. Excluded are members of the Armed Forces and Royal Canadian Mounted Police. These employees are paid on the basis of a monthly salary rate determined by the Treasury Board after consultation with the Department of Labour. They are governed by the Financial Administration Act - Ships' Crews Regulations. These employees are occupants of positions established by the Treasury Board, which positions, together with appropriate funds, are listed in the Estimates of Canada and supplementary authorizing documents.
12. **Casual and other employees:** All employees in Departments and Departmental corporations of the Government of Canada who are not defined as Salaried, Prevailing Rate, Ships' Officer or Ships' Crew employees.
13. **Locally-Engaged employees:** These are residents of foreign countries, employed by the Government of Canada to perform duties in the country in which they live. Their salary or wage is stated in the currency of the country where they are employed. Salaried locally-engaged employees occupy positions: (1) as Assistants; (2) in classes having the suffix U.K. i.e., Clerk 2(UK), Stenographer 1(UK), etc. While most are salaried, some are employed on a casual basis. The term "locally-engaged" excludes Canadian employees posted abroad.
14. **Regular earnings:** The basic pay of employees before deductions but excluding any special payments such as overtime, living allowances, etc. All regular earnings for the month, including those of persons off-strength at the end of the month are included in the tables where the title is used.

15. Earnings: For agency and proprietary corporations and other agencies this term means gross earnings before deductions, including overtime, retroactive pay and other special payments in addition to regular earnings. For departmental branches, services and corporations, earnings are limited to regular earnings plus overtime and retroactive pay.
16. Retroactive payments: Payments covering salary adjustments in regular earnings applicable to prior months resulting from salary increases. Data are included in the month during which the payments are made even though the adjustments may cover several months.
17. Overtime payments: Payments for work done beyond the normal working hours. Data are included in the month during which the payments are made even though the payments may cover overtime worked during previous months.
18. Administrative classification: This is an analysis of the departments and departmental corporations to provide statistical detail on their principal units i.e. branches, boards, commissions, etc. These principal units cover most of those identified in the annual Estimates of Canada.
19. Classification by function: The classification by function reflects the purpose served by the various Services of the Government. Its purpose is to afford comparability of data over a number of years and with other levels of governments without the complicating factor of periodical structural changes of departments and the differences of structures of other levels of governments. For further details, see page 34.
20. Hiring: The initial appointment of a person to the reporting "department" whether as a new employee in the Government Service or by transfer from another "department". Movements within a department are not considered as hirings. For purposes of hirings and separations only, the term "department" as used above is broadened to include departmental branches or services having a separately administered personnel office.
21. Separation: The termination of service of an employee in the reporting "department" by leaving the Government Service or by transfer to another "department". Movements within a "department" are not considered as separations. For purposes of hirings and separations only, the term "department" as used above is broadened to include departmental branches or services having a separately administered personnel office.
22. Average employment: As used in the table on hirings and separations represents the mean monthly average number of employees in each "department" during the quarter.
23. Monthly average (as pertains to hirings and separations): represents the arithmetic mean i.e. one third of the actual hirings and separations for the quarter.
24. Monthly rate per 1,000 employees (as pertains to hirings and separations): the rate is computed by the following formula:

$$\frac{\text{monthly average (number hired or separated)} \times 1,000}{\text{average employment (during quarter)}}$$

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1963.

INTRODUCTION:

Included in this report for the first time are: the Atlantic Development Board and the Canadian World Exhibition Corporation. The Northern Ontario Pipeline Crown Corporation has been sold to the Trans-Canada Pipelines Limited effective May 29, 1963. This Crown Corporation had been staffed by employees of the Defence Research Board and Defence Construction (1951) Limited.

Employees of the Government of Canada, including its corporations and agencies, numbered 338,534 at the end of May 1963, an increase of 7,648 or 2.3 p.c. from April 1963 and a decrease of 6,995 or 2.0 p.c. from May 1962. Total earnings of these employees for May 1963 amounted to \$133,137,000, an increase of \$4,022,000 from April 1963 and an increase of \$2,401,000 from May 1962.

The increase in employment from April 1963 is mainly accounted for by a seasonal staff increase of the Canadian National Railways and the opening of the first session of the 26th Parliament.

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES

Beginning with this month, employment data of the Atlantic Development Board and the Canadian World Exhibition Corporation is included. They are treated as Agency Corporation and Other Agency respectively. The Northern Ontario Pipeline Crown Corporation has been sold to the Trans-Canada Pipelines Limited effective May 29, 1963. This Corporation, staffed by employees of the Defence Research Board and Defence Construction (1951) Limited, had been treated as an Other Agency.

The Agency and Proprietary Corporations and Other Agencies had a total of 135,155 employees at the end of May 1963. This represents an increase of 4,018 or 3.1 p.c. over April 1963 but a decrease of 2,349 or 1.7 p.c. from May 1962. Earnings of these employees amounted to \$57,998,000 for May 1963, an increase of \$2,522,000 from the previous month, and \$783,000 from May 1962. The increase in employment and payrolls is due mainly to the Canadian National Railways.

May 1963

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS:

Statistics for the month of May 1963 indicate a staff strength of 203,379, an increase of 3,630 or 1.8 p.c. over April 1963 but a decrease of 4,646 or 2.2 p.c. from May 1962. Total earnings of these employees amounted to \$75,139,000, an increase of \$1,500,000 from April 1963 and of \$1,618,000 from May 1962. ## FEDERAL GOVERNMENT EMPLOYMENT

JUNE 1963

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1963.

INTRODUCTION:

Employees of the Government of Canada, including its corporations and agencies, totalled 344,801 at the end of June 1963, an increase of 6,267 or 1.9 p.c. over May 1963 but a decrease of 8,122 or 2.3 p.c. from June a year earlier. The Canadian National Railways and the Department of National Defence accounted for about two thirds of the increase over May 1963.

Total earnings of these employees for June 1963 amounted to \$131,478,000, a decrease of \$1,-659,000 from May 1963 and of \$415,000 from June 1962. The decrease from May 1963 resulted mainly from fewer working days in June 1963 as compared with the previous month.

Total employee earnings for the first six months of 1963 amounted to \$791,082,000, an increase of \$24,872,000 or 3.2 p.c. over the same 1962 period, largely accounted for by the inclusion of retro-active salary increases for a number of classes of employees in Departments and Departmental corporations.

June 1963

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES:

The Agency and Proprietary Corporations and Other Agencies had a total of 138,463 employees at the end of June 1963 as compared with 135,155 in May 1963 and 142,292 in June of the previous year. This indicates an increase in June 1963 over May 1963 of 3,308 or 2.4 p.c., but a decrease of 3,829 or 2.7 p.c. from June 1962. The increase over May 1963 is accounted for mainly by the Canadian National Railways.

Earnings of these employees amounted to \$56,861,000 in June 1963, a decrease of \$1,137,000 or 2.0 p.c. from the previous month, and of \$972,000 or 1.7 p.c. from June a year earlier. The decrease in earnings from May 1963 is largely attributable to fewer working days in June 1963 as compared with the previous month.

Total employee earnings for the first six months of 1963 amounted to \$332,206,000, an increase of \$3,289,000 or 1.0 p.c. over the same six month period a year earlier.

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS:

Employees in Departmental Branches, Services and Corporations at the end of June 1963 totalled 206,338, an increase of 2,959 or 1.5 p.c. over May 1963, but a decrease of 4,293 or 2.0 p.c. from June 1962. Total earnings of these employees amounted to \$74,616,000 for June 1963, a decrease of \$523,000 from the previous month but an increase of \$556,000 over June 1962. The decrease in total earnings from May 1963 is accounted for mainly by fewer working days in June 1963 as compared with May 1963 and smaller overtime payments during that month.

The principal variations in staff strength, by function, for the month of June 1963 when compared with May 1963, are outlined in the following table:

Function	Administrative Unit	Change and Reason <sup>1/</sup>
Defence Services .....	National Defence	S. - down - closing of heating plants; P.R. - up - summer training of Reserves, Militia and Cadets; C. - up - construction and maintenance.
Transportation and Communications ..	Public Works Transport	C. - up - increased seasonal activities including survey work; S.C. - up - intensified navigation operations.
Social Welfare .....	Labour	C. - down - drop in unemployment insurance claims.
Recreational and Cultural .....	Northern Affairs and National Resources	P.R. - up - seasonal maintenance of parks, beaches, etc.
Natural Resources and Primary Industries .....	Agriculture	P.R. - up - summer operations of experimental farms.

<sup>1/</sup> Abbreviations have been used as follows: Salaried staff - S.; Prevailing rate - P.R.; Casuals - C.; Ships' Crews - S.C.

Total employee earnings for the first six months of 1963 amounted to \$458,877,000, up \$21,585,000 from the corresponding period of 1962 mainly due to the inclusion of retroactive salary increases for a number of classes of employees.

## FEDERAL GOVERNMENT EMPLOYMENT

JULY 1963

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1963.

INTRODUCTION:

Employees of the Government of Canada, including its corporations and agencies, totalled 350,476 at the end of July 1963, an increase of 5,675 or 1.6 p.c. over June 1963, but a decrease of 6,145 or 1.7 p.c. from July 1962.

Total earnings of these employees for July 1963 aggregated \$153,091,000, an increase of \$21,613,000 over the previous month, and of \$17,748,000 over July 1962.

The increase in staff over the previous month is largely attributable to a general seasonal upsweep in all five reporting groups.

July 1963

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES

The Agency and Proprietary Corporations and Other Agencies had a total 141,611 employees at the end of July 1963 as compared with 138,463 in June 1963, and 145,511 in July 1962. This indicates an increase of 3,148 or 2.3 p.c. over the previous month, but a decrease of 3,900 or 2.7 p.c. from July a year earlier. The increase over June is mostly attributable to the Canadian National Railways.

Earnings of these employees amounted to \$63,160,000 in July 1963, an increase of \$6,299,000 over the previous month, and of \$2,452,000 over July 1962. The increased earnings over the prior month are principally accounted for by larger staff and extra working days and pay periods.

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS:

Statistics indicate a staff strength of 208,865 at the end of July 1963, up 2,527 or 1.2 p.c. over the preceding month, but down 2,245 or 1.1 p.c. from July 1962. Total earnings of these employees aggregated \$89,932,000, an increase of \$15,316,000 or 20.5 p.c. over June 1963 mostly accounted for by the inclusion of retroactive salary increases to certain salaried groups of employees.

The principal variations in staff strength, by function, for the month of July 1963 when compared with June 1963, are outlined in the following:

Function	Administrative Unit	Change and Reason <sup>1/</sup>
Defence Services .....	National Defence	P.R. - incr. - summer training Reserves, Militia, Cadets; C. - incr. Command Pool, Day Labourers, Const. and Maint.

**Notes and Definitions:**

**Department** — For purposes of this table only, the term "department" is broadened to include departmental branches or services having a separately administered personnel office.

**Hiring** — The initial appointment of an individual to the reporting department.

**Separation** — Termination of service of an individual in the reporting department.

\* Rates are omitted for departments with less than 100 employees as small changes in the number hired or separated result in abnormal changes in rates. Aggregates for these departments are given in "Total—Departments with less than 100 employees", as well as in "Total—All Departments".

-- Less than one.

**Note:** Figures may not add due to rounding.

## FEDERAL GOVERNMENT EMPLOYMENT

AUGUST 1963

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1963.

INTRODUCTION

The Government of Canada, including its corporations and agencies, had a staff strength of 348,510 at the end of August 1963, reflecting a decrease of 1,966 or 0.6 p.c. from July 1963, and of 3,341 or 1.0 p.c. from August a year earlier.

Total earnings for these employees amounted to \$137,740,000 for August 1963, down \$15,351,000 from the previous month, but up \$3,144,000 over August 1962.

The August 1963 decrease in total earnings is largely due to the fact that the July 1963 report included approximately \$12,000,000 in retroactive salary increases to employees in Departments and Departmental Corporations.

## FEDERAL GOVERNMENT EMPLOYMENT

August 1963

PART A. - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES

Employees of Agency and Proprietary Corporations and Other Agencies numbered 141,921 at the end of August, 1963. This represents a very slight increase over the previous month, but a decrease of 2,653 or 1.8 p.c. from August 1962.

Earnings of these employees aggregated \$60,081,000 in August 1963, compared with \$63,160,000 in July 1963 and \$60,406,000 in the like month a year earlier. Trans-Canada Air Lines and the Canadian National Railways accounted for most of the decrease, mainly as a result of one less pay period and one less working day in August.

August 1963

## PART B. - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS

The reorganization of a number of departments and the formation of new ones was announced recently. For more details refer to Table 8. Some Ships' Officers and Crews of the Department of Public Works not previously reported are included for the first time, involving 107 employees with total earnings of \$40,201 for August 1963.

Employees in Departmental Branches, Services and Corporations totalled 206,589, down 2,276 or 1.1 p.c. from July 1963, and 688 or 0.3 p.c. from August 1962. Total earnings of these employees for the months being reviewed, aggregated \$77,659,000; \$89,932,000 and \$74,190,000, respectively. The substantial earnings decrease for August 1963 is mainly due to the fact that the previous month's figure included approximately \$12,000,000 in retroactive salary increases for certain groups of salaried employees.

The principal variations in staff strength, by function, for the month of August, when compared with a month earlier, are outlined in the following table:

Function	Administrative Unit	Change and Reason <sup>1/</sup>
Defence Services .....	National Defence	P.R. - Seas. decr. in training of Res., Militia & Cadets C. - down - Const. and Maint.
Transportation and Communications ..	Public Works	S.C. - up - incl. 107 employees not previously reported. C. - up - repairs to docks, wharves, etc.
Education .....	National Health and Welfare	C. - down - completion of school repairs.
Natural Resources and Primary Industries .....	Agriculture	P.R. - down - completion of certain exp. farm activities;
	Northern Affairs and National Resources	C. - down - completion of some const. projects in Yukon and N.W.T.

<sup>1/</sup> Abbreviations have been used as follows: P.R. - Prevailing rate; C. - casual; S.C. - Ships' Crews.

## FEDERAL GOVERNMENT EMPLOYMENT

SEPTEMBER 1963

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1963.

INTRODUCTION:

Employees of the Government of Canada, including its corporations and agencies, totalled 342,588 at the end of September 1963, a decrease of 5,922 or 1.7 p.c. from August 1963, and of 1,122 or 0.3 p.c. from September 1962.

Total earnings of these employees for the months being reviewed amounted to \$134,577,000, \$137,740,000 and \$127,906,000, respectively.

The decrease in staff strength is reflected in four out of the five types of federal organizations, with departmental branches and services accounting for the greatest decline, principally due to the release of seasonal staff.

September 1963

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES:

The Agency and Proprietary Corporations and Other Agencies had a staff strength of 139,550 at the end of September 1963, a decrease of 2,371 or 1.7 p.c. from the previous month, and of 2,614 or 1.8 p.c. from September of the preceding year. The decrease in employees is largely attributable to the Canadian National Railways.

Earnings of these employees amounted to \$58,276,000 in September 1963, a decrease of \$1,805,000 from the previous month and of \$221,000 from September 1962.

## FEDERAL GOVERNMENT EMPLOYMENT

OCTOBER 1963

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1963.

INTRODUCTION

Employees of the Government of Canada, including its corporations and agencies totalled 338,330 at the end of October 1963, a decrease of 4,258 or 1.2 p.c. from September 1963 and of 2,236 or 0.7 p.c. from October 1962.

Total earnings of these employees amounted to \$137,143,000 for October 1963, an increase of \$2,566,000 from September 1963 and an increase of \$5,852,000 from October 1962.

The decrease in staff strength is reflected in four out of the five types of federal organizations, with proprietary corporations accounting for four-fifths of the decline.

October 1963

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES

The Agency and Proprietary Corporations and Other Agencies had a staff strength of 135,991 at the end of October 1963, a decrease of 3,559 or 2.6 p.c. from September 1963 and of 3,901 or 2.8 p.c. from October 1962. The decrease in employees is mainly attributable to the Canadian National Railways, Northern Transportation Company Limited, and Trans-Canada Air Lines.

Earnings of these employees amounted to \$59,669,000 for October 1963, up \$1,393,000 from September 1963 and \$699,000 from October 1962. The increase in October 1963 over the previous month is accounted for mainly by the Canadian National Railways resulting from more working days compared with the preceding month.

**Notes and Definitions:**

**Department** — For purposes of this table only, the term "department" is broadened to include departmental branches or services having a separately administered personnel office.

**Hiring** — The initial appointment of an individual to the reporting department.

**Separation** — Termination of service of an individual in the reporting department.

\* Rates are omitted for departments with less than 100 employees as small changes in the number hired or separated result in abnormal changes in rates. Aggregates for these departments are given in "Total—Departments with less than 100 employees", as well as in "Total—All Departments".

-- Less than one.

Note: Figures may not add due to rounding.

## FEDERAL GOVERNMENT EMPLOYMENT

NOVEMBER 1963

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1963.

INTRODUCTION:

Employees of the Government of Canada, including its corporations and agencies totalled 336,673 at the end of November 1963. This represents a decrease of 1,657 or 0.5 p.c. from October 1963 but an increase of 2,270 or 0.7 p.c. from November 1962.

The total payroll for November 1963 amounted to \$133,362,000, a decrease of \$3,781,000 from October 1963 but an increase of \$6,737,000 from November 1962.

The decline in staff strength over October 1963 has occurred mainly in the proprietary corporations and departments.

Remarks: The salaries and wages is an important component of total Federal Government expenditures. Its relationship with total expenditures is demonstrated in Table 15 of the report "Financial Statistics of the Government of Canada, 1961 - Revenue and Expenditure - Direct and Indirect Debt-Actual", catalogue 68-211 which was released recently.

November 1963

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES:

Employees in Agency and Proprietary Corporations and Other Agencies totalled 134,608 at the end of November 1963, representing a decrease of 1,383 or 1.0 p.c. from October 1963 and of 446 or 0.3 p.c. from November 1962.

Earnings of employees in this group amounted to \$56,859,000 in November 1963, a decrease of \$2,810,000 from October 1963 but an increase of \$1,581,000 from November 1962.

The decline in employment and earnings is accounted for mainly by the seasonal decline within the Canadian National Railways. The Northern Transportation Company Limited also reported a significant decrease in employment.

## FEDERAL GOVERNMENT EMPLOYMENT

DECEMBER 1963

## NOTE

A complete description of the method of collection and the statistics included in this series was given, together with other background detail, in the report for April 1963.

INTRODUCTION:

Employees of the Government of Canada, including its corporations and agencies totalled 334,028 at the end of December 1963. This represents a decrease of 2,645 or 0.8 p.c. from November 1963, but an increase of 3,995 or 1.2 p.c. from December 1962.

The total payroll for December 1963 amounted to \$137,693,000, an increase of \$4,331,000 from November 1963 and of \$11,092,000 from December 1962.

The decline in staff strength and earnings over November 1963 has occurred mainly in the proprietary corporations.

December 1963

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER AGENCIES:

Employees in Agency and Proprietary Corporations and Other Agencies totalled 132,020 at the end of December 1963, representing a decrease of 2,588 or 1.9 p.c. from November 1963 and of 15 from December 1962.

Earnings of employees in this group amounted to \$60,179,000 in December 1963, an increase of \$3,320,000 from November 1963 and of \$4,905,000 from December 1962.

The seasonal decline in the number of employees over November 1963 is mainly attributable to the Canadian National Railways. The increase in earnings over November 1963 is mainly accounted for by the Trans-Canada Air Lines reporting earnings for three fortnightly pay periods instead of the usual two, salary increases and retroactive payments. The Canadian National Railways also reported increased earnings.
